|------------------------|---|--|
| 1st commit | His primary target is the VALUE. PB : Product Backlog. DOD : Definition of done. | |
| The value | Is not only determined by revenue. To make investment, all required to conceive and develop. | |
| | | |
| Points | Ultimate way to predict the value. | |
| | | |
| Increment | To learn about the forecast | |
| | | |
| Product backlog | Difficulty to build : re-negotiate. Ordering by anythings that informs. Updated only during PB refinement. | |
| | | |
| Scrum | Successful by releasing frequently. | |
| | | |
| Sprint | Typically : collaborate with stakeholders and work <u>with the developers.</u> | |
